

# **LinkedIn Learning Instructor Guidance for Canvas at LMU**

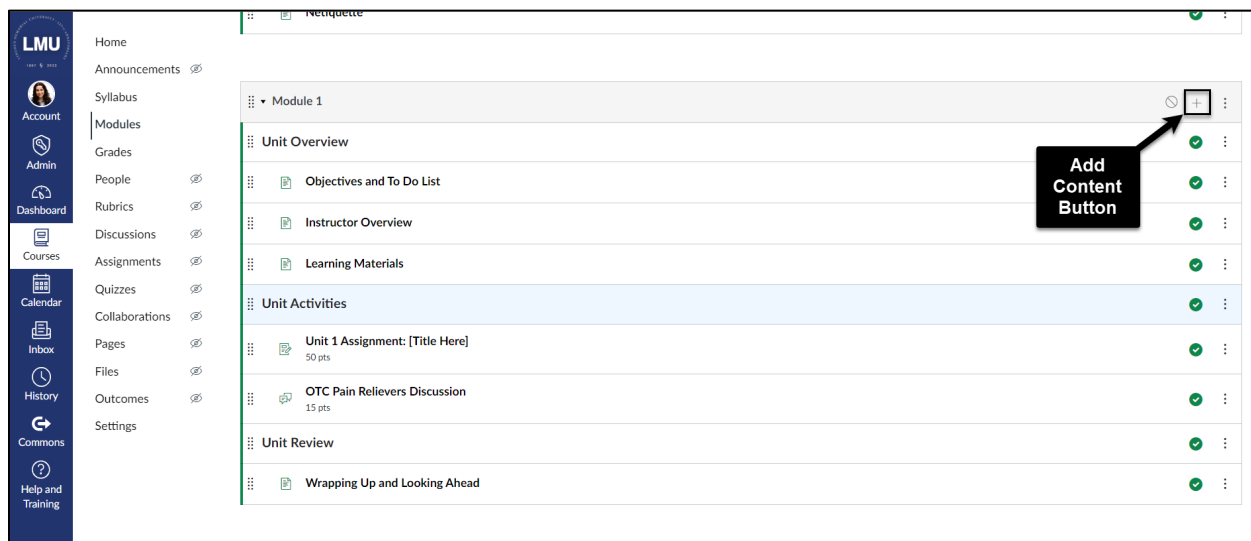

## Adding LinkedIn Learning to a Canvas Assignment:

*The purpose of this guide is to add LinkedIn Learning videos as a **GRADED** assignment.*

1. Navigate to the “Modules” area of your course.

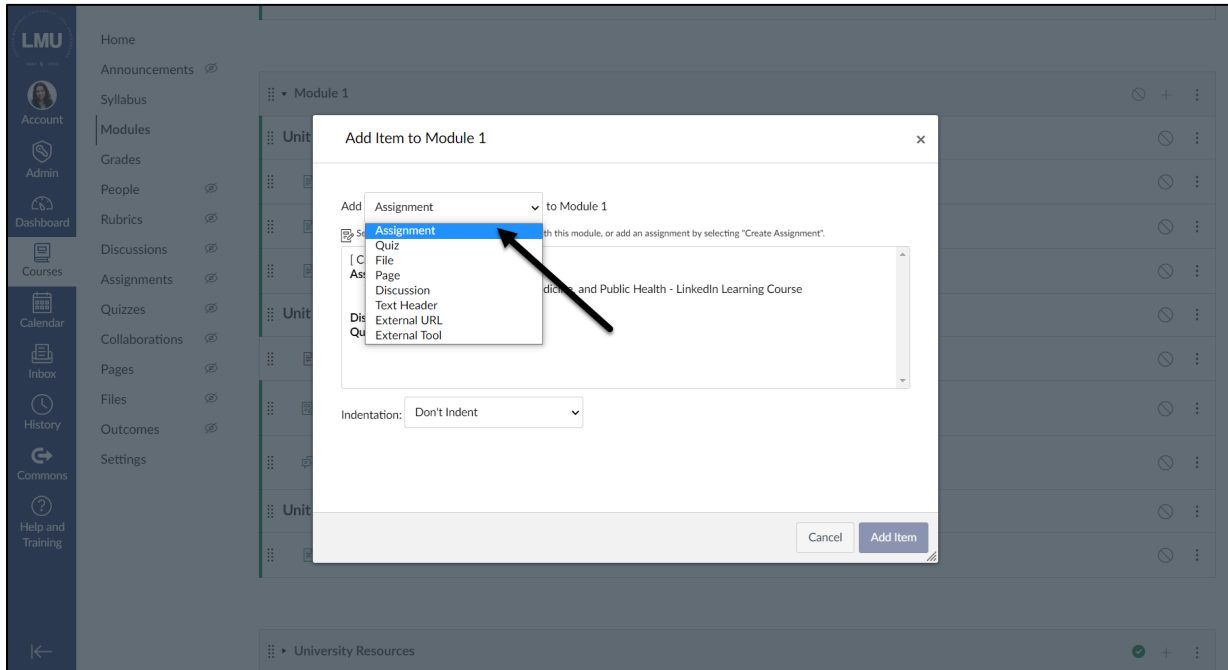

2. Find the module to which you'd like to add LinkedIn Learning, and select the “Add Content” button.

## LinkedIn Learning Instructor Guidance for Canvas

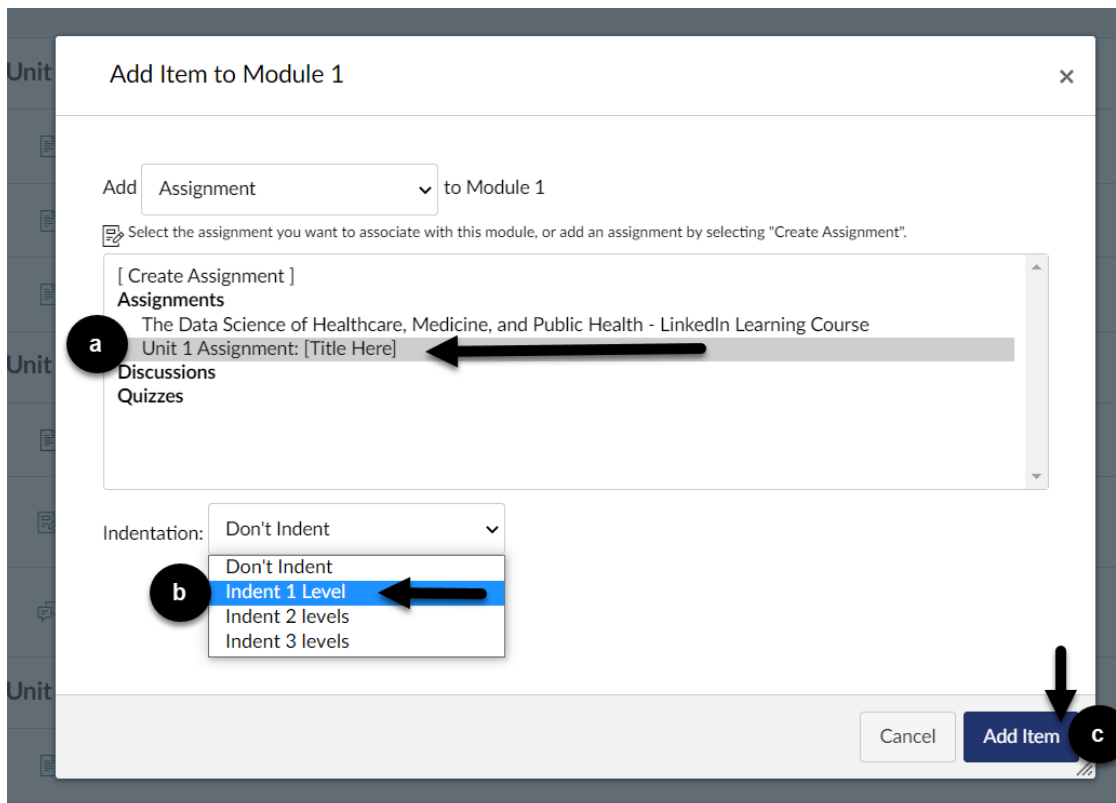

### 3. Select “Assignment” from the drop-down menu.

### 4. Follow these steps to create your assignment:

- Select “Unit 1 Assignment: [Title Here]” from the list of assignments.
- Select “Indent 1 level” from the indentation drop-down menu.
- Select “Add Item.”

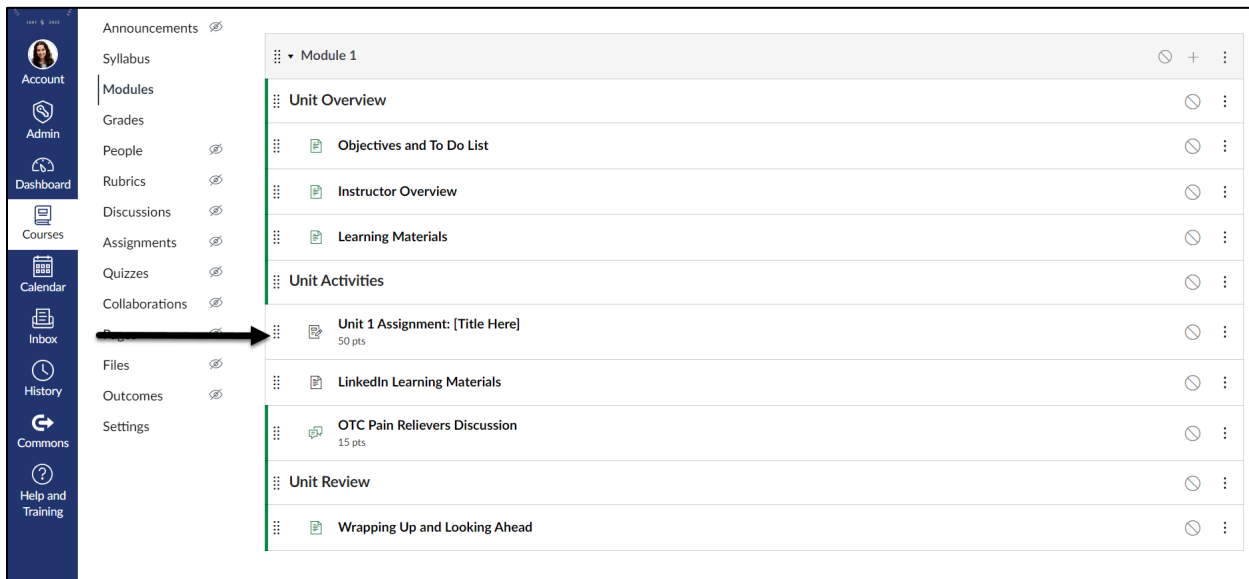

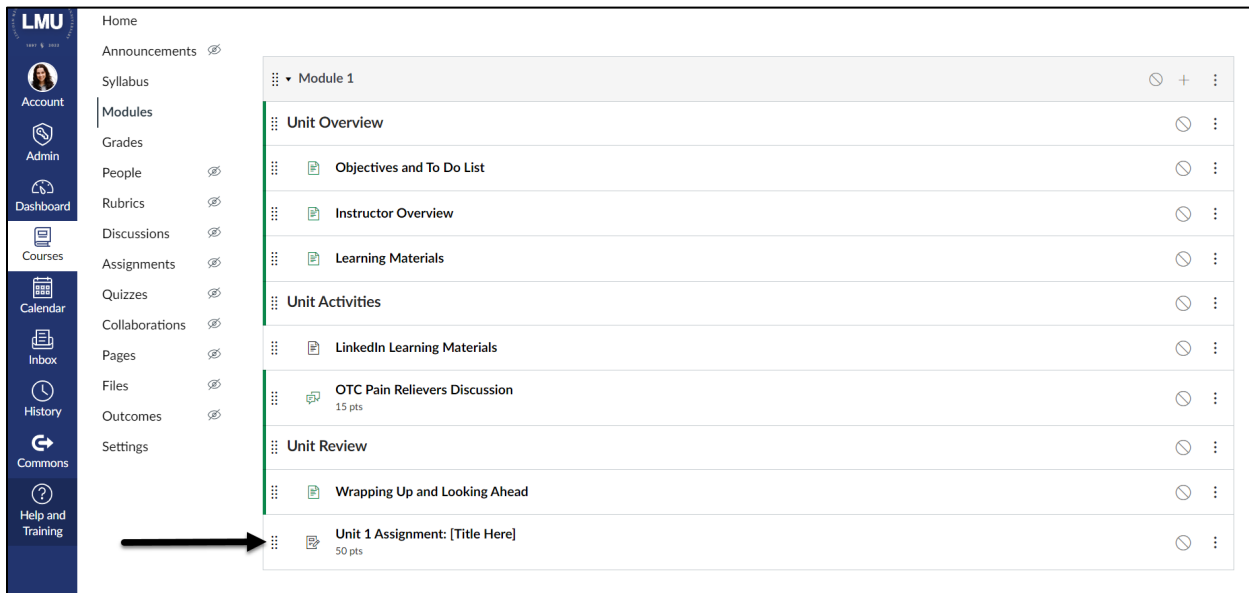

*\*PLEASE NOTE: The LMU Course Template comes with an example assignment that you can utilize and duplicate. If you'd prefer to start fresh, select [Create Assignment].*

5. Select the eight vertical dots to the left of the newly created assignment to drag it to your preferred location within the module.

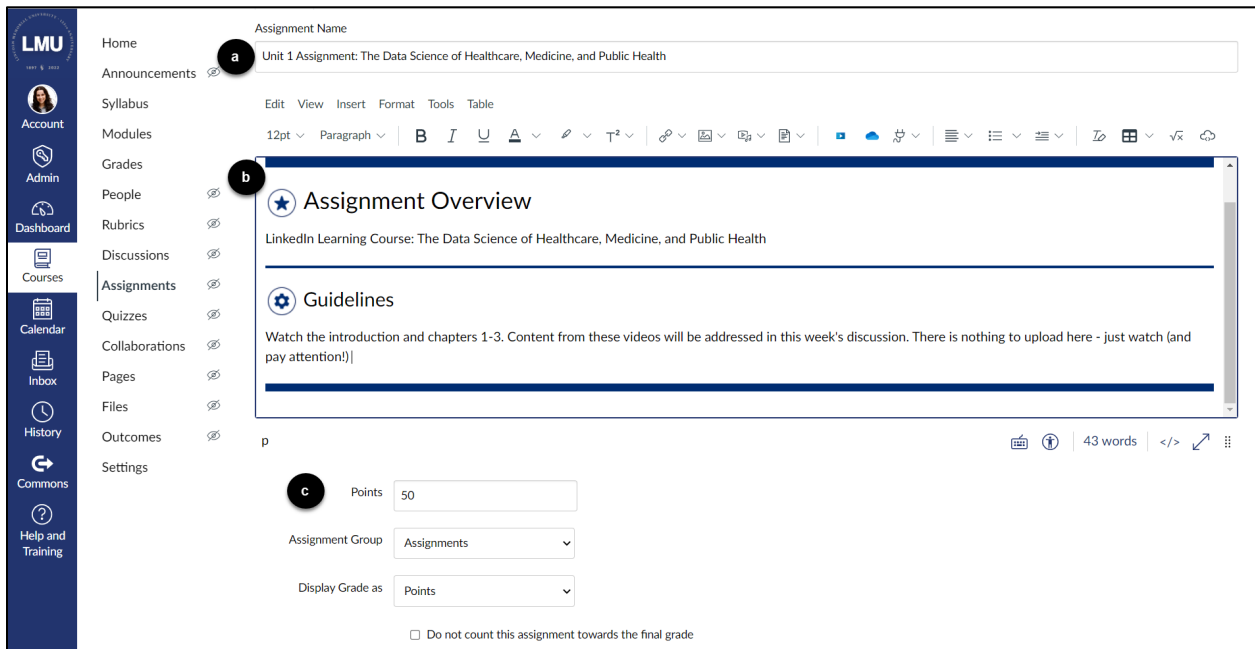

6. Select the newly created assignment title, which will bring you to the assignment preview. From the assignment preview, select “Edit”.

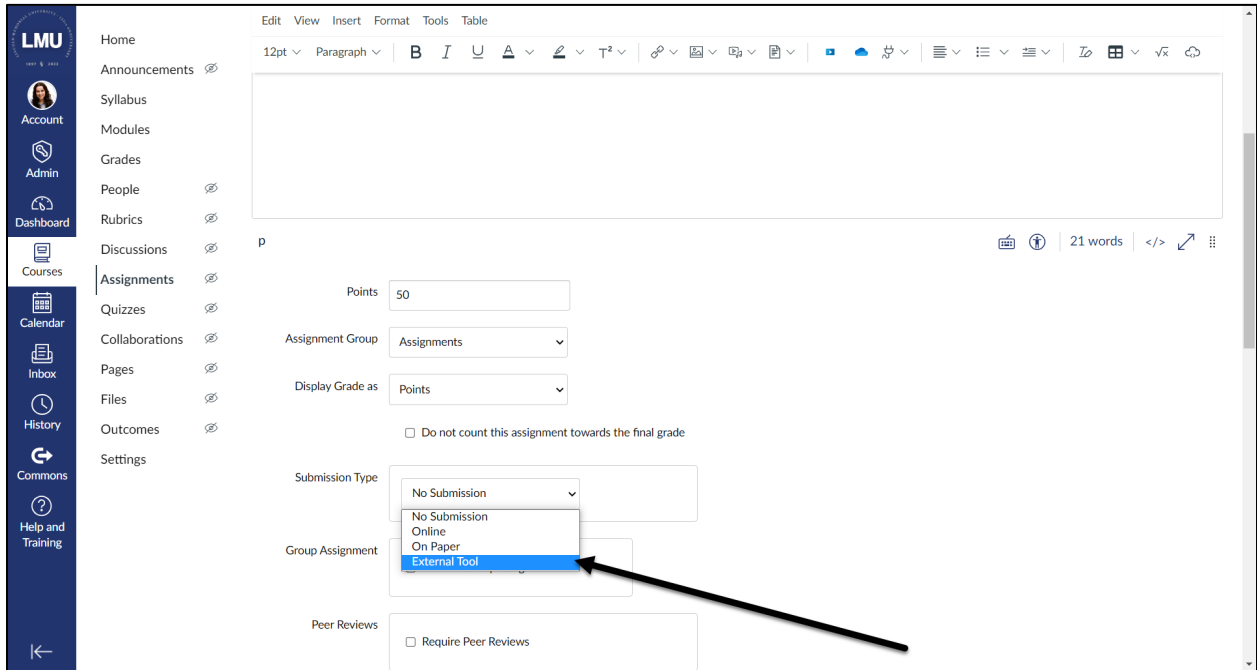

7. Selecting "Edit" will open the Canvas Rich Content Editor.
  - a. First, change your page title.
  - b. Second, update the existing sample content in the Rich Content Editor.
  - c. Third, make sure the assignment points and group are designated properly.

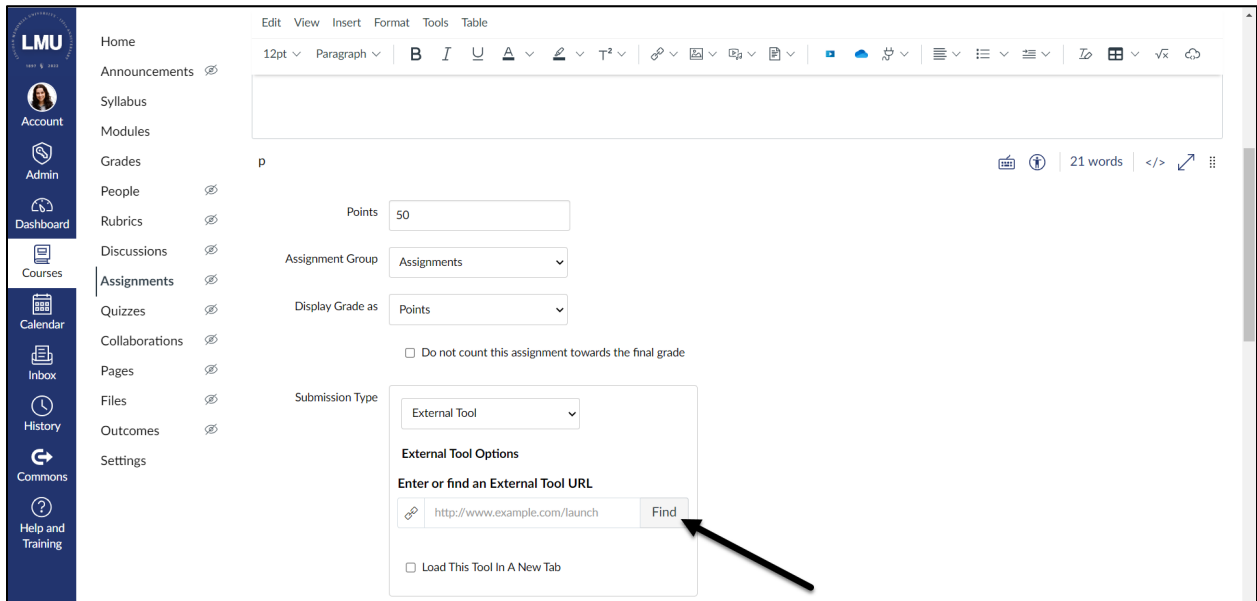

8. Under Submission Type, select “External Tool”.

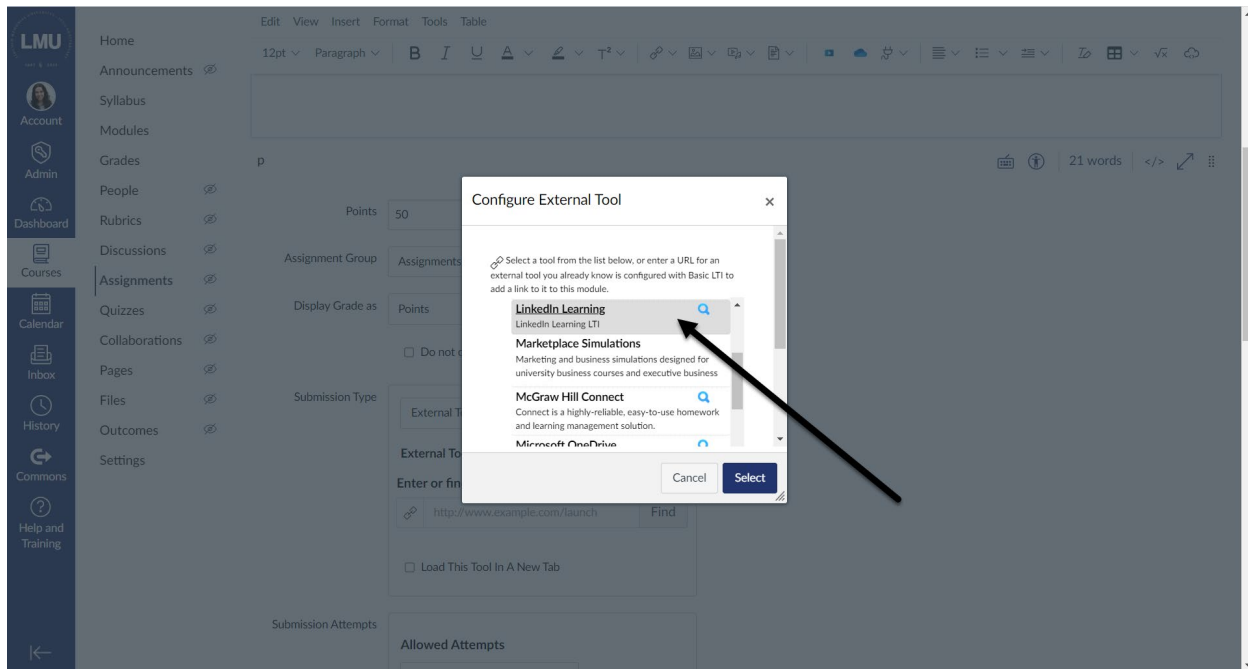

9. Select the “Find” button.

10. Select “LinkedIn Learning” from the list that appears.

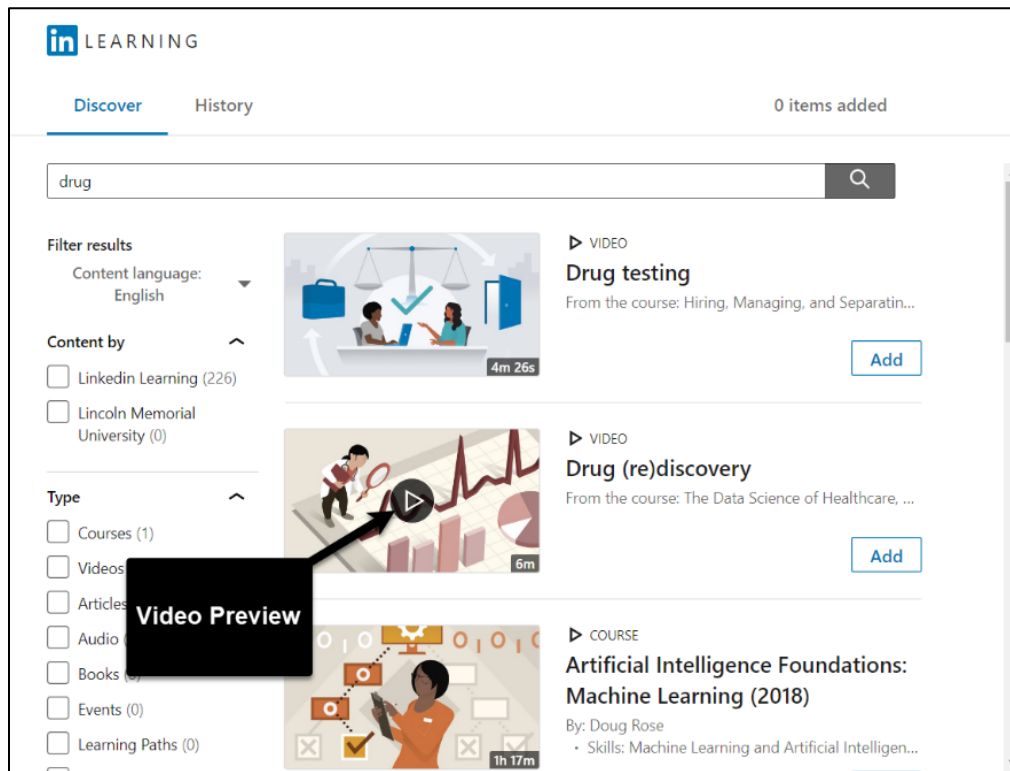

11. You should now be operating within a LinkedIn Learning window. Use the search bar to find your desired videos or course.

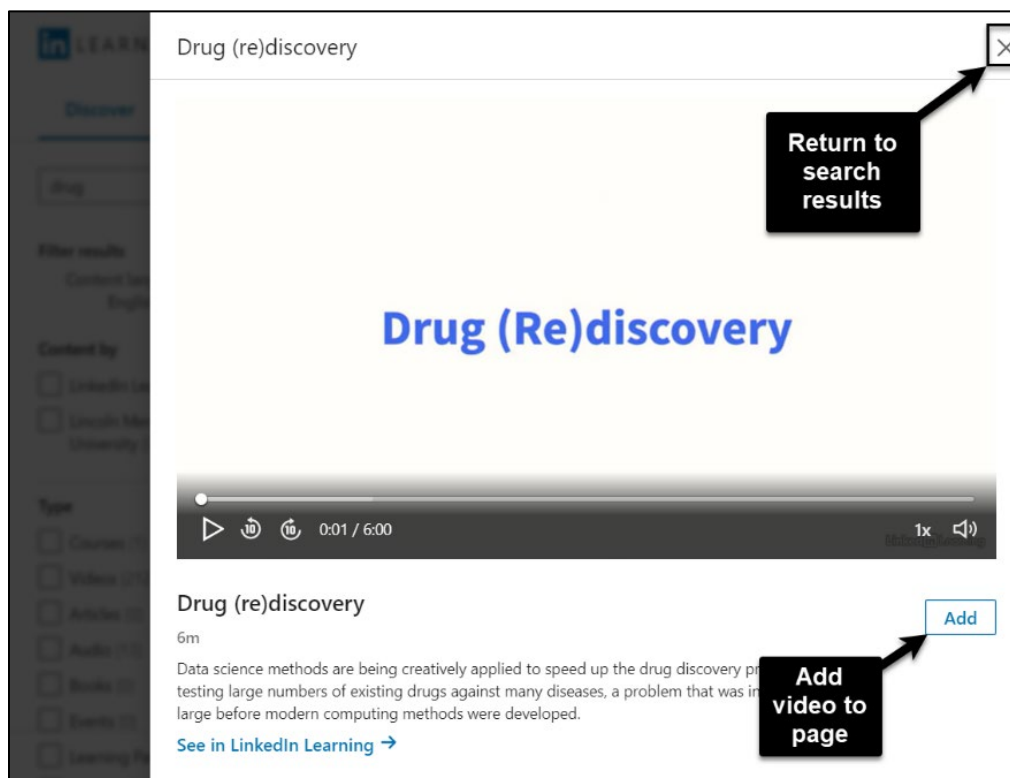

## LinkedIn Learning Instructor Guidance for Canvas

12. Using the search bar will bring you to your search results. To preview a video, select the “Play” button on the video.

13. If you chose to preview the video, select the “X” to return to the search results. Select “Add” to insert the video onto your page.

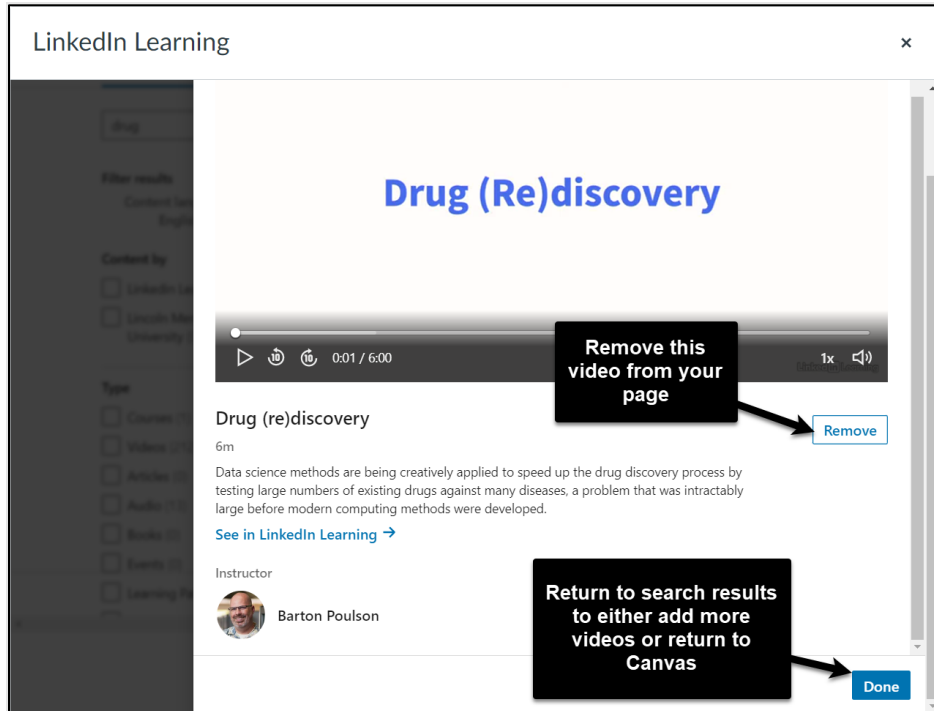

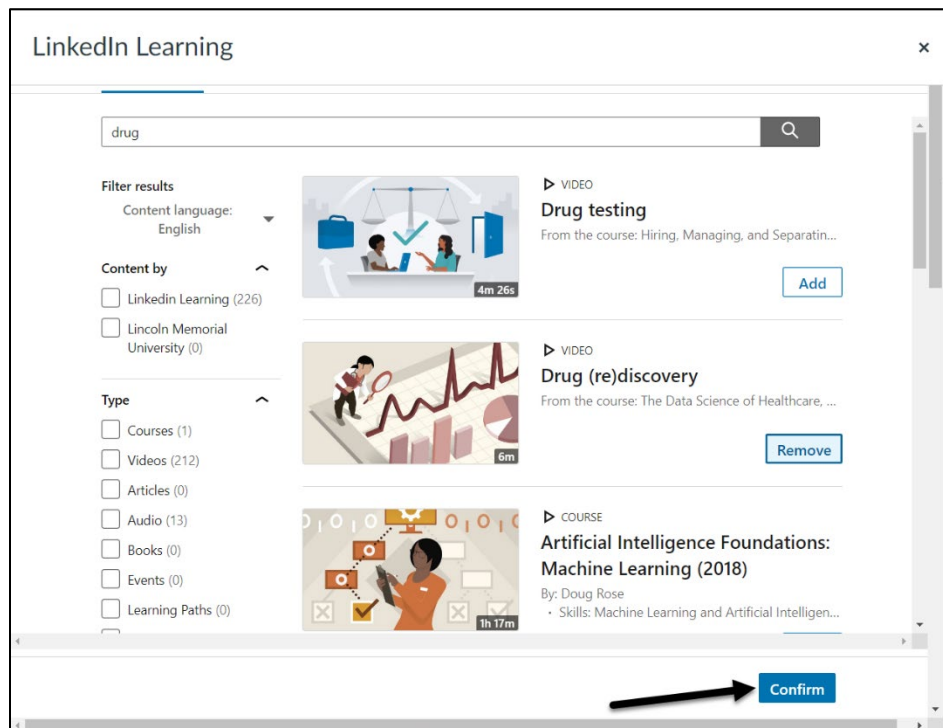

## LinkedIn Learning Instructor Guidance for Canvas

14. If you chose to add the video, you will be given the option to “Remove” the video if you change your mind. Select “Done” to either add more videos or return to your Canvas assignment.

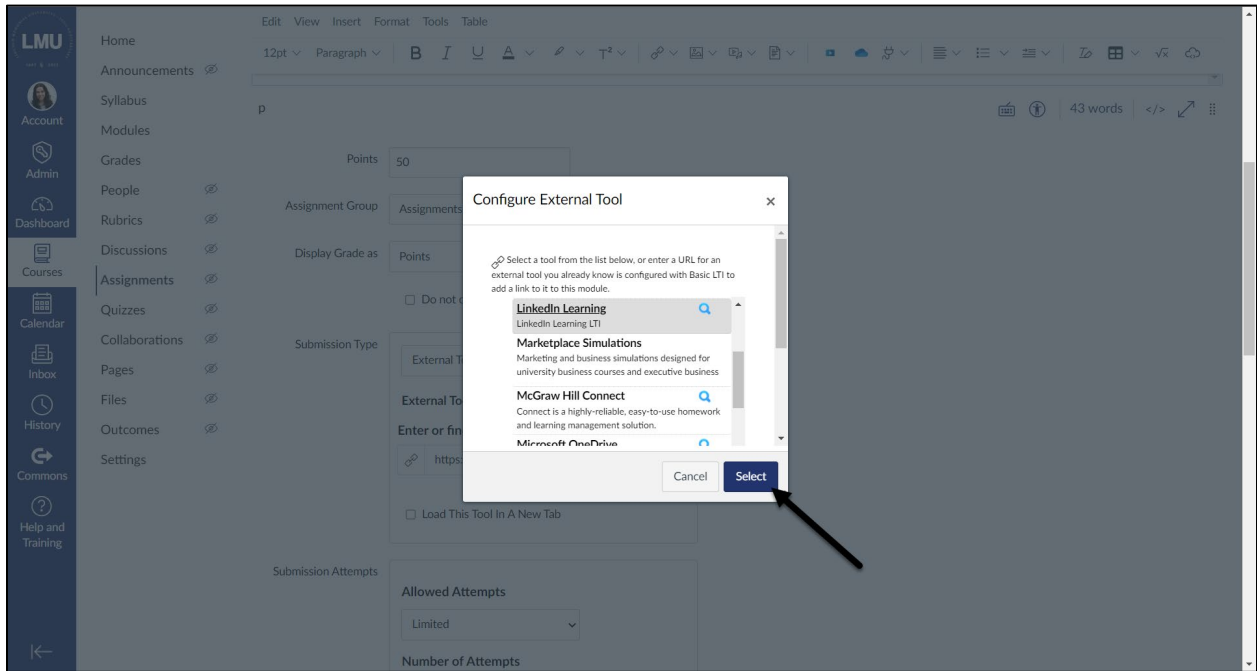

15. When you are finished adding videos, select the “Confirm” button to return to your Canvas assignment.

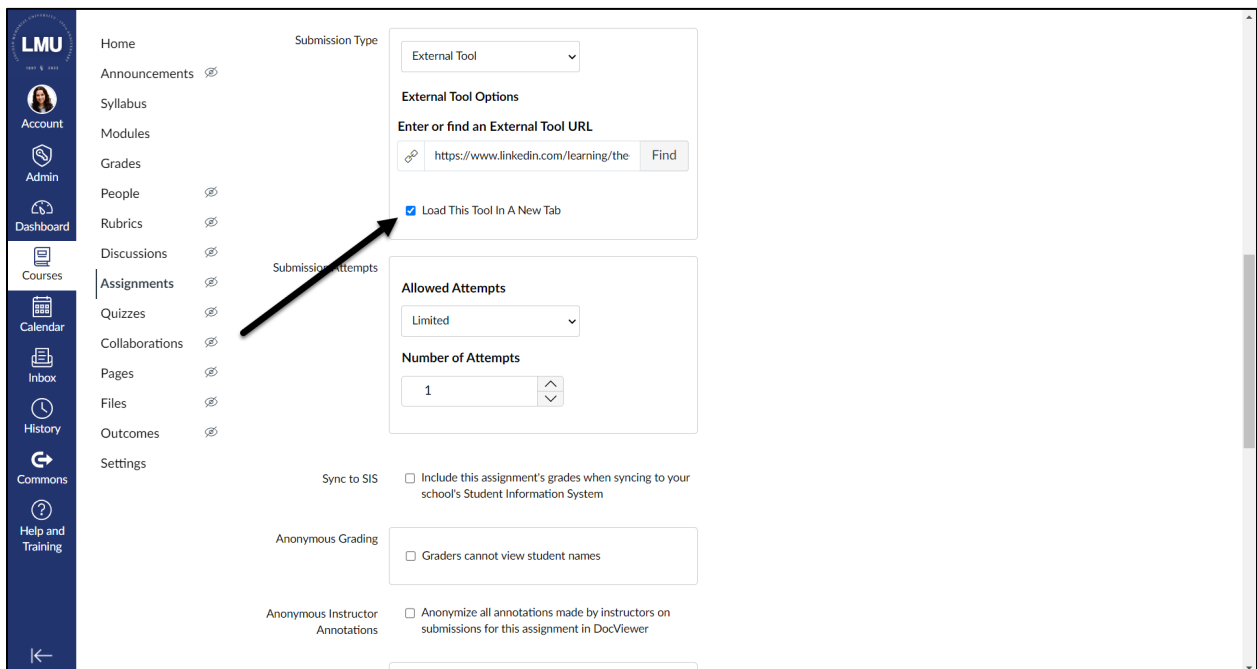

16. After selecting “Confirm,” you will be brought back to the Configure External Tool menu. Choose “Select” to return to your Canvas assignment.

17. Select the checkbox next to “Load This Tool in a New Tab.”

Edit Assignment Settings

Assignment Overview

LinkedIn Learning Course: The Data Science of Healthcare, Medicine, and Public Health

Guidelines

Watch the introduction and chapters 1-3. Content from these videos will be addressed in this week's discussion. There is nothing to upload here - just watch (and pay attention!)

This tool needs to be loaded in a new browser window

Load Unit 1 Assignment: The Data Science of Healthcare, Medicine, and Public Health in a new window

Previous Next

20. If you still need to publish your assignment, you can do so by navigating back to the modules page, and selecting the publish icon next to the assignment.

The screenshot shows the Canvas LMS interface for LMU. The left sidebar contains navigation options: Home, Announcements, Syllabus, Modules, Grades, People, Rubrics, Discussions, Assignments, Quizzes, Collaborations, Pages, Files, Outcomes, Settings, Commons, and Help and Training. The main content area displays 'Module 1' with the following items:

- Unit Overview
- Objectives and To Do List
- Instructor Overview
- Learning Materials
- Unit Activities
  - Unit 1 Assignment: The Data Science of Healthcare, Medicine, and Public Health (Apr 7 | 50 pts) - This item has a 'publish icon' (a circle with a diagonal slash) next to it, which is highlighted by a callout box labeled 'publish icon (currently unpublished)'.
  - LinkedIn Learning Materials
  - OTC Pain Relievers Discussion (15 pts)
- Unit Review
- Wrapping Up and Looking Ahead
