LINCOLN MEMORIAL UNIVERSITY

Dear Potential Donor,

The Students, Faculty, and Staff of Lincoln Memorial University - DeBusk College of Osteopathic Medicine (LMU-DCOM) deeply appreciate your interest in our Anatomical Donation Program. The generosity of our donors is indispensable in providing our current and future health care providers with the best possible education and training. The legacy left by our donors will continue to touch the lives of every patient our health care providers treat.

If, after reading through the donor registration packet and researching our program, you choose to donate to the LMU-DCOM Anatomical Donation Program, please fill out the attached packet in full. It is important that all questions are answered, boxes checked, and the documents are signed and dated. If you have any questions during the process, please contact us.

Upon a tentative acceptance, you will be added to our donor registry and receive a tentative donor acceptance packet. This will include two (2) copies of your donor registration paperwork, a voluntary medical history questionnaire, two (2) donor ID cards, and instructions about what happens after a death occurs. Unfortunately, in the event that a donor may not be able to meet our program criteria at the time of death and LMU-DCOM is unable to accept the donation, we ask that you have an alternate plan of disposition.

Please feel free to contact us with any questions you may have.

Medical education, training, and research. I understand I have the right to alter or revoke this donation at any time in writing. Furthermore, I understand that at the time of death, LMU has the right to decline the donation if the Donor does not meet the criteria of LMU-DCOM's Anatomical Donation Program and I have reviewed the basic criteria and other information provided by LMU-DCOM at:.

I understand that the exact use of donation will be determined by LMU-DCOM's Anatomical Donation Program based upon the needs of the program at the applicable time. I understand and hereby agree that this gift of whole body donation may be used for medical education, clinical training, and/or research by students, faculty, staff,, and other health professionals. The University reserves the right to retain tissues and organs of interest for educational and research purposes. The University further reserves the right to use photography or other media to document studies for educational use or publication. I understand that this gift may be used in the development of educational materials that may have value, and I surrender all rights that may be claimed by the estate and heirs of the Donor. Furthermore, I understand that for those who elect to take part in LMU-DCOM's long-term studies option, the Donor may be embalmed, and other preservation techniques may be applied as needed. If applicable this may include, but is not limited to, plastination.

Multi-year use of the whole body donation

LMU-DCOM strives to reunite donors with their families within three (3) years of a donation; however, there are times when our program has a need for extended study of a donor. If you would like to be considered for long-term or permanent study, please let us know by checking the appropriate box below. I understand that if my donation is chosen for long-term study, my next of kin or designated agent may not be able to receive the Donor's cremated remains.

This option allows LMU-DCOM to use the whole body for a period longer than three (3) years.

☐ LMU-DCOM may use the donation for longer than three (3) years. I understand that the cremated remains may not be returned to the family or designated agent. I also understand that increased embalming and preservation procedures, including but not limited to plastination, may be used.

☐ I request that LMU-DCOM NOT use the full body donation for long-term study and return the cremated remains within three (3) years.

Cremation information

I understand that at the end of study, the Donor's remains will be cremated. I authorize the cremation and select the disposition of the remains. It is the responsibility of the Donor, their next of kin, or designated agent to make sure that we have the correct up-to-date information.

Please indicate the disposition of the decedent's cremated remains. (check only one):

☐ Bury the cremated remains in LMU-DCOM's communal memorial cemetery plot.

☐ Return the Donor's cremated remains to the individual(s) listed below:

- If attempts to contact the designated representatives are unsuccessful at the end of the 90-day period following cremation, the cremains will be interred in LMU-DCOM's communal memorial cemetery plot.
