Stewart, V. (2012). *A world-class education; Learning from international models of excellence and innovation.*

IV. COURSE REQUIREMENTS, ASSESSMENT (LEARNING OUTCOMES) AND EVAL. METHODS:

**Attendance Policy:** Even with successful completion of make-up assignments, class absences will cause a reduction in the final course grade. One (1) absence will result in a reduction of one (1) letter grade from whatever grade would have been earned. Two absences will result in a grade of C or lower. More than two absences will result in the grade of F for the course(s) taken that semester. **Class attendance requires staying the entire class period.** Refer to the Graduate Catalog for further academic restrictions.

**Requirements (see section titled: COURSE OUTLINE/ASSIGNMENT/UNITS OF INSTRUCTION)**
1. This course includes two Key Assignments designed to connect the learning about global education to classroom and school practice.
2. Assignments will be evaluated based on program standards using various assessment tools, including rubrics. The University official Graduate Education grading system will be utilized.

V. METHODS OF INSTRUCTION: Methods of instruction will include lecture, class discussions, collaborative assignments, individual presentations, etc.

**CLINICAL EXPERIENCES:** CI 642 is a Clinical Experience course designed to increase the global education strategies and practices in classrooms. Content and pedagogy are woven around clinical experiences throughout preparation, in course work, in laboratory-based experiences, and in school-embedded practice (NCATE, 2010, p. 5). These clinical experiences are often described as the key teacher education components that impact long-term retention in the profession (Darling-Hammond & Sykes, 2004).
