

Oxford Learning Link Instructor Guidance for Canvas

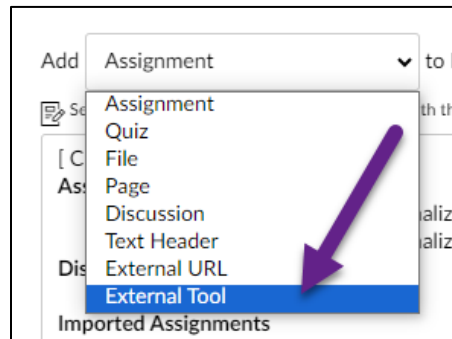

1. Navigate to the “Modules” area of your course.

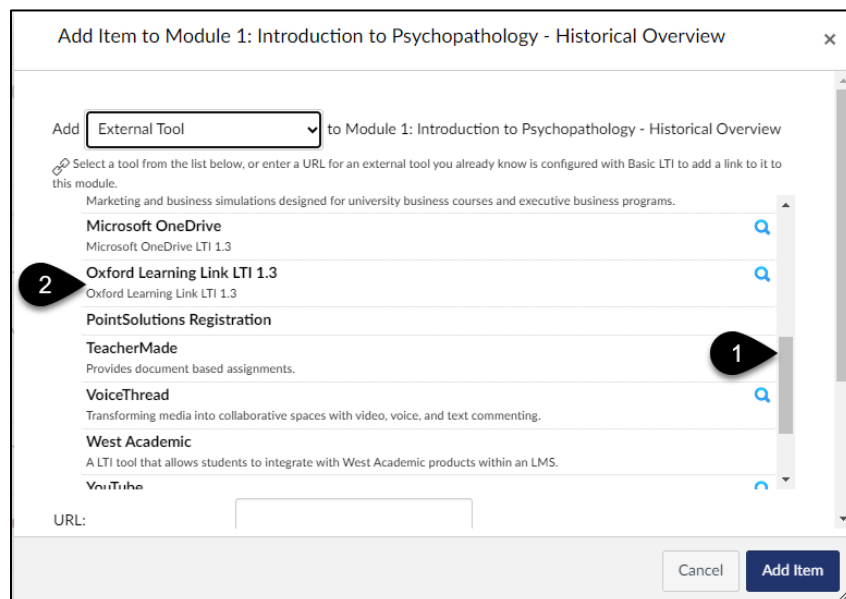

2. Select a Module to add your Oxford resources. Select the “+” button to the far right of the Module Title Header.

3. Select the drop-down menu in the “Add Item to New Module” window. Choose “External Tool” from the drop-down menu.

4. Use the scrollbar to locate the Oxford Learning Link LTI 1.3 option from the External Tool list.

5. A screen will load that shows all Oxford products to which you have access. Provided you have gone through the usual process to gain access to Oxford resources, you should have access to the product(s) you have adopted. **Select the name of the product from which you would like to import resources (usually [Title] Student Resources).**
 - a. **Note:** While instructors can add resources from any product to which they have access, students will NOT be able to access Instructor-only resources, and will need to purchase or redeem access to any Student resources.
 - b. **Note:** The LTI 1.3 protocol does not support QTI question bank imports.
