

DCOM Student Scholarly Activity and Research Form: OMS III and IV

Students planning to conduct any Scholarly Activity (e.g. research, case report, survey, etc.) must meet with a mentor to discuss potential research projects before completing this form. The Student will submit the form on behalf of the Student, Physician Mentor, Preceptor/Supervisor, and Clinical Dean.

All scholarly activity should be conducted outside the designated 40 hours/week rotation schedule.

Failure to submit this form may result in denial of any future research travel funds or publication cost requests.

Student Name:

DCOM Class Year:

Contact Information (phone/email):
