

**Updated COVID-19 Policy & Self-Reporting  
AUGUST 6, 2021**

Due to an increase in COVID-19 cases in all geographic locations of LMU learning sites, the following revisions to the COVID-19 policy are in effect until further notice. LMU will continue to monitor the pandemic and the policy will be modified when and where appropriate.

**Vaccinations**

- Vaccines are *strongly* encouraged for all students, faculty, and staff. Vaccinations remain the single best defense against COVID-19 and are available for free at the local health department.

**Masks**

- *Strongly encouraged* in all indoor settings, including residence halls, for those not vaccinated or recovered from infection.
- Not mandatory indoors (but optional) for those vaccinated and/or recovered.
- *Required* in all clinical and laboratory (including anatomy) settings, regardless of immune status.

**Offices & Classrooms**

- Faculty/staff can require visitors to their office to wear a mask.
- Faculty cannot require students to wear a mask in the classroom (except clinical/lab settings as described above).
- Social distancing in classrooms is encouraged where feasible.

**International Travel**

- All travelers entering the U.S. must have a negative COVID-19 test per U.S. regulations.
  - Unvaccinated travelers must quarantine for 7 days upon entry to the U.S.
  - Vaccinated travelers are not required to quarantine, but must have a negative COVID-19 test between days 3-5 after entering the U.S.

**Self-Reporting**

- In lieu of a return to campus questionnaire, all members of the LMU community must complete the COVID-19 self-report found in at MyLMU under the Webadvisor tab.
- Go to [MyLMU](#); Choose WebAdvisor for Students or WebAdvisor for Employees; Choose User Account; Choose My Profile; Use the link in the banner message to provide your COVID-19 immunity status.

**Miscellaneous**

- Campus events must be approved by the COVID-19 event committee.
- COVID-19 food safety protocols are still in effect for all campus events and activities.
- Dining Hall staff will wear masks at all times; patrons will follow above policies.
- Colleges/programs have the autonomy to incentivize vaccination.
- Please refer to individual departments for updates specific to the department.
