

## Podium Quick Start Guide

To use the podium, use the button panel located on the podium. Press System On, and the projectors will power on and the screen(s) will lower.

Press the PC button to send the podium PC to the monitors.

To connect a laptop, plug the cables in the podium and press the HDMI or VGA button on the panel.

To turn the system off press the System Off button on the panel.

To use the Blu-Ray player, press the Blu-Ray button on the panel.

Use the volume knob to adjust the volume.
