

APP University

Learn on your terms with **APP University**, designed to equip affiliated Advanced Practice Providers (APPs) with **knowledge, confidence,** and **clinical expertise** to excel in nephrology care from day one.

Why APP University?

- ✓ **Built by nephrologists—just for APPs**, to support you in caring for patients with CKD and ESKD
- ✓ **Flexible, on-demand education** designed for your schedule
- ✓ Build **confidence and skills** to deliver **high-quality care** across diverse settings
- ✓ **Get expert guidance** through weekly mentor office hours to support your learning as you grow in your role
- ✓ **Supports new and experienced APPs** at every stage of their nephrology career

What you'll learn.

ESKD Education: Explore in-center hemodialysis care, including dialysis types, access management, medication prescribing, rounding in dialysis units, and more.

Office & Hospital Education: Learn about outpatient and hospital nephrology topics, including CKD management, cardiorenal syndrome, hypertension, and comprehensive patient care.

Your journey
to nephrology
starts here
