2023-2024 Verification Worksheet V1 Independent

<u>What is Verification?</u> – The Department of Education randomly selects a percentage of students for verification. Before awarding Federal Student Aid, we must collect documentation that we use to verify the information reported on your FAFSA. If there are discrepancies, we may make corrections to your FAFSA based on the documentation you provide. During the verification process we may determine that additional documents need to be submitted.

<u>What do I need to do?</u> - To complete the verification process you should read this worksheet thoroughly and answer all questions. Return the worksheet and all requested documentation to the Office of Student Financial Services as soon as possible to prevent a delay in the processing of financial aid. The preferred method to submit tax documents is through the usage of the Data Retrieval Tool on the FAFSA. If you are unable to use the Data Retrieval Tool, you may submit copies of your 2021 Tax Return Transcript from the IRS. To obtain a copy of the Tax Return Transcript, you may contact the IRS via one of the methods listed below. If you choose to submit your 2021 Tax Return (Form 1040), it must be **signed** and must include **all** applicable schedules for the year. For tax return non-filers, the verification of non-filing letter may also be obtained from the IRS using one of the methods below.
