MISSION STATEMENTS

School of Arts and Humanities Mission Statement

The mission of the School of Arts and Humanities is to provide distinguished academic programs and General Education courses that cultivate the skills and perspectives essential for preparing all university students for productive participation and leadership in a rapidly changing world. Inspired by the enduring principles of Abraham Lincoln's life and legacy, the School of Arts and Humanities strives to promote the development of innovative research, scholarship, and creative expression. At the heart of the LMU experience is a commitment to a tradition and standard of excellence that fosters students' intellectual, moral, civic, and creative capacities and aspirations in service to humanity through the advancement of life in the Appalachian region and beyond.

Department of Social Sciences Mission Statement

The Department of Social Sciences is committed to providing quality educational opportunities that incorporate a balanced emphasis on theory, research, practice, community service, social justice, and personal growth.

Master of Public Administration Mission Statement

The Master of Public Administration (MPA) program prepares individuals to serve as managers in the executive arm of local, state/provincial, and federal/national government, and increasingly non-governmental organizations (NGO) and non-profits. It is our goal that those completing an MPA Program will increasingly be called to work in large national and multi-national organizations and in the healthcare industry. The program focuses on the systematic investigation of executive organization and management. The main objective of the program is to help students in understanding and recognizing the development and principles of the field of public administration, the making, management, implementation, and assessment of public policy in our society today.

Institute of Collaborative Leadership Mission Statement

The Lincoln Memorial University Institute for Collaborative Leadership was established to provide an experiential education emphasizing the importance of developing organizational leaders in public and private sector organizations, consistent with the values and mission of the university. A particular emphasis of the Institute is the application of conflict management and dispute resolution skills in the practice of collaborative leadership.

MASTER OF PUBLIC ADMINISTRATION PROGRAM OVERVIEW

i. Minimum undergraduate course work

Two courses that focused upon American National Government, State and Local Government, or any equivalent courses focused on the three branches of government.

ii. Recommended undergraduate course work

Courses about government structure, policy making, and administration and budgeting.

B. Other Admissions Requirements

- Undergraduate GPA of 2.75 or higher on a four (4)-point scale
- Entrance interview may be required if one or more requirements are not met.

C. Letters of Reference

Two letters of reference from the applicant's undergraduate instructors or one letter from an instructor and one from a professional source are required.

D. Personal Statement

Submit an essay detailing the student's purpose for attending the LMU MPA program, relevant skills, qualification, preparation, and a statement of goals after completing the program.

E. Transfer credit

A maximum of nine (9) graduate credit hours or its equivalent of graduate work closely related to the MPA degree will be allowed in transfer by approval of the program's Admissions Committee.

Graduation Requirements

- A. A minimum of 36 credit hours of graduate course work and satisfactory completion of all core courses is required for graduation with the Master of Public Administration degree general track. (CM and GRA tracks require 39 and 37 credit hours, respectively).
- B. Students must maintain a cumulative GPA of 3.00 or be placed on academic probation. Failure to meet or exceed this standard of academic progress in the subsequent semester will result in dismissal from the program.
- C. Thesis or MPA project must be completed and receive a grade of "B" or better. See thesis/project handbook for more details.
- D. Completion of all program and university assessments and student surveys.

ORIENTATION

MPA students will be required to attend an initial program orientation. The MPA Orientation will include program familiarization, establishing a schedule, finalizing financial aid, and completing the registration process. An orientation regarding library resources will be provided early in the first semester. Information about registration will be made available when the student's application has been accepted.

New graduate students are assigned an academic advisor and are required to attend a new student orientation. The orientation session provides students with critical information for progressing through each degree program. Information includes admission, program, and exit requirements. The advisement process is important in that advisors assist in the formulation of comprehensive examinations and in the monitoring of internships and field experiences. Advisors are accessible throughout the program for academic advisement. Advisor contact information and office hours are posted on each syllabus.

GRADUATE PROGRAMS COMMITTEES

Admissions Committee

This Graduate Programs Admissions committee consists of faculty and administration members from the collaborating programs. This committee will resolve all matters or questions regarding admissions.

Thesis/Project Supervisory Committee

This committee functions to provide course work and thesis/project direction and approval for each graduate student in either program. The committee approves the thesis/project proposal, and when submitted, reviews and approves the completed thesis/project document, and conducts a final oral defense of the thesis/project. The chair of this committee is the person who directly supervises the thesis/research project. A second committee member is selected from the graduate faculty and should have reasonably related knowledge of the thesis/project topic. A third member may be selected to complement the knowledge of the other members and may be chosen from outside of the relevant departments. The appointment of this committee is made by the program's school Dean upon recommendation of the Program Director and submission of names by the student.

Appeals Committee

This three-member committee exists to resolve academic matters that may arise in either program. The Dean of the school will nominate members of this committee. They will serve three years with the possibility of reappointment. One faculty member from each program will serve with the program director (of the relevant program) with an alternate member appointed in the case of conflict of interests.

Graduate Council

Graduate education is a significant function of the Department of Social Sciences within the School of Arts, Humanities, and Social Sciences at LMU. It constitutes a dominant force in maintaining and developing scholarly inquiry and intellectual achievement in the School and University community. Ultimate responsibility for all matters pertaining to graduate education and graduate research rests with the graduate faculty through the discussions and decision making of the Graduate Council. The Graduate Council is the policy making (and in some cases the decision making) body of the Department of Social Sciences for graduate programs located there. Members consist of the Dean of the School, the program directors, and the department chair (meetings are open to all graduate faculty).

GENERAL POLICIES AND STANDARDS

Grade Point Average

Students must maintain a cumulative grade point average (GPA) of 3.0 or more on a 4.0 scale. Falling below a 3.0 GPA will place the student on probation until a 3.0 GPA is reached.

The 3.0 GPA performance level includes graduate and undergraduate courses if the student is completing deficiency courses. No more than one grade of "C" will be allowed. A second grade of "C" or below will remove the student from the program.

Grading Scale

A candidate receives a grade for most registered coursework. Letters indicate grades and are assigned quality points as shown below. Credit toward a degree program will be granted only for courses in which a grade of "C" or better is earned.

A = 90.51 - 100%; expected student learning outcomes were demonstrated by superior quality student work in all aspects of the course

B = 80.51 - 90.50%; expected student learning outcomes were demonstrated by better than average quality of student work in the course

C = 70 – 80.5%; expected student learning outcomes were demonstrated in student work

Some graduate courses are graded P-Pass/F-Fail and are identified under "Course Descriptions."

The candidate's grade point average (GPA) is determined by dividing the total number of grade points earned by the total number of letter-graded (A-F) credit hours attempted (not the number of credit hours passed).

Appeals

Students in the program or applying to the program may submit an appeal in writing directly to the Appeals Committee. The committee is expected to collect information from all parties to the matter in question, hold a hearing in which parties to the appeal will be invited and notified with at least 48 hours advanced notice, and reach a decision on the matter within 24 hours of the hearing. In the event that more investigation is needed after the hearing, all parties to the matter will be notified of the timeline for reaching a conclusion for the matter. A decision must be reached by no more than one week after the initial hearing. Decisions of this committee will be communicated to the party making the appeal as well as any individuals named in the appeal along with the relevant Deans and the Vice President of Academic Affairs. A log of matters and copies of all communication related to an appeal will be maintained by the specific Program Director's office in which the appealing student is enrolled or hoping to enroll.

Off Campus Complaint Process Protocol

Complaints relating to quality of education or accreditation requirements shall be referred to the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), (<http://www.sacscoc.org/pdf/081705/complaintpolicy.pdf>).

Complaints related to the application of state laws or rules related to approval to operate or licensure of a particular professional program within a postsecondary institution shall be referred to the appropriate State Board (i.e., State Boards of Health, State Board of Education, and so on) within the Tennessee State Government and shall be reviewed and handled by that licensing board (<http://www.tn.gov>, and then search for the appropriate division).

Complaints related to state consumer protection laws (e.g., laws related to fraud or false advertising) shall be referred to the Tennessee Division of Consumer Affairs and shall be reviewed and handled by that Unit (<http://www.tn.gov/consumer/>).

Attendance

Attendance requirements will be stated in each course syllabus.

Medical Leave of Absence

A student may petition to their Program Director for a medical leave of absence from a major program of study in event of a medical condition, which prevents normal participation in the required activities of the degree. No approved medical absence can

remove a student from his or her coursework for more than two years or the student will be dismissed from the program.

Official Withdrawal

Any student withdrawal completed will be reviewed for the official withdrawal date, set forth by the Registrar. If this date falls after the first day of classes, there will be a Return of Title IV (R2T4) calculation done to determine financial aid earned. If a withdrawal is completed prior to the FA disbursement date, and there is aid earned, the aid would be seen as a post withdrawal disbursement and LMU would obtain permission from the student/parent prior to disbursing earned aid. If a withdrawal is completed on or after the FA disbursement date, the aid is adjusted based on the pro rata of the R2T4 calculation given back to us by the FAA Access Return to Title IV Worksheet provided by the Department of Education (DOE). Adjustments are made and refunds sent back to the appropriate program(s), with the DOE, at the time of processing the withdrawal form. If the student is present at the time of processing the withdrawal form, financial aid staff does a counseling session to explain how the calculation is determined and how it affects their responsibility to repay, if applicable. If the student is not present at the time of processing the withdrawal form, the financial aid office notifies the student by certified mail of the adjustment made and any responsibility that lay with the student, at that time. It is stated and understood that after the 60% point of the term a student has earned 100% of aid and in most cases there will not be pending aid, at this point; however, we do an R2T4 calculation to determine a post withdrawal disbursement, if pending aid is present and all conditions are met.

Unofficial Withdrawal

Unofficial Withdrawals are reviewed after grades post for each term. Any student earning all F's is considered an Unofficial Withdrawal. We provide a notification letter to the student asking them to confirm attendance past the 60% point of the term and a timeline in which to provide that documentation. Adequate attendance documentation can be an email statement directly from the instructors stating the student attended past the 60% date, hard copy print outs of online coursework submitted after the 60% date or hard copy tests submitted after the 60% point. If the attendance documentation is not provided, we notify the student, again, via email reminding them of this opportunity. If we do not receive a response, LMU will do an R2T4 calculation, thru FAA Access, using the 50% point of the term as the withdrawal date. Adjustments are made and refunds sent back to the appropriate program(s), with the DOE, at the time of processing the Unofficial Withdrawal student record(s). We then notify the student, via USPS, of the adjustments made via the results of the R2T4 calculation, and we explain why the calculation had to be done and what financial responsibilities lay with the student.

Maximum Program Completion

Students who enter the MPA graduate program must complete their studies for their graduate degree within six years after initial registration. An extension may be requested of the Program Director for personal or professional reasons.

Plagiarism

Plagiarism is the presentation of someone else's words or ideas as one's own. One of the most common forms of plagiarism is the paraphrasing of several phrases, sentences, or ideas in a paragraph with only one citation at the end of the paragraph resulting in confusion between the cited content and the researcher's own words or ideas. Another common form is the practice of substituting words or phrases while retaining the original author's form and structure.

Use citation practices as described in the APA Manual 6th edition of the Publication Manual of the American Psychological Association (2009), or the most recent version of Chicago Manual of Style or other citation guidelines as instructed by course professor.

For questions regarding citations or plagiarism, contact LMUs Library Center for Teaching and Learning at the library website.

Program Acceptance

Upon acceptance into the MPA program, applicants will receive an official packet of materials including an acceptance letter, a program catalog, registration information, and other program items and information. All students are required to have all transcripts, letters of support, and fees submitted by one month in advance of the start of the new semester.

Change of Schedule

All schedule changes made by the program will be addressed before the start of classes. Any changes to student class schedules must be discussed and approved by the advisor and program director.

Satisfactory Academic Progress (SAP)

LMU General SAP Policy

Satisfactory Academic Progress relating to Financial Aid federal regulations require that all students who receive federal financial aid make progress toward a degree. All colleges must have policies that ensure students are making this progress both qualitatively and quantitatively. At LMU, starting with the fall 2011 semester, we have established the following Satisfactory Academic Progress (SAP) Policy that will be reviewed following each semester, including the summer term.

Qualitative

Students who fail to maintain satisfactory progress may not receive the following types of financial aid: Federal Stafford Loans, Federal PLUS Loans, other aid involving Title IV funds, or any other aid for which satisfactory progress is a requirement. These policies apply only to eligibility to receive financial aid. A student is considered to have made satisfactory academic progress provided he/she passes at least 67% of the cumulative credit hours attempted and has not reached 150% of time enrolled in an academic program (see Maximum Time Frame section).

Students must also earn a certain cumulative Grade Point Average (GPA) determined by their Academic program to maintain financial aid SAP. Students enrolled in a Graduate program (excluding Graduate Nursing, please see that specific SAP Policy) at LMU, must maintain a minimum of a 3.0 GPA. A student whose academic performance drops below the minimum standards will be placed on financial aid warning. A student can retain financial aid while on warning for one semester but must meet Satisfactory Academic Progress by the end of that semester or be placed on Financial Aid Suspension.

Quantitative- Hours Attempted vs Hours Earned

A student is considered to have made satisfactory academic progress provided he/she passes at least 67% of the cumulative credit hours attempted. For instance, a student who attempts 18 credit hours must complete at least 12 of those credit hours to make satisfactory academic progress. A student whose academic performance drops below the minimum standards will be placed on financial aid warning. A student can retain financial aid while on warning for one semester but must meet Satisfactory Academic Progress by the end of that semester or be placed on Financial Aid Suspension.

Quantitative –Maximum Time Frame

No student will be eligible to receive financial aid for more than 150% of the published length of the program. This time is measured by credit hours attempted. For example, a student seeking a MPA degree totaling 36 credit hours cannot receive aid for more than 45 attempted hours ($36 \times 150\% = 54$). Please refer to specific graduate catalogs to see the published length of the program. Transfer credits will be evaluated and those credits that count toward the student's current academic program will count as both attempted and completed hours. Failing a class or withdrawing from a class, whether passing or failing, can affect SAP. Incomplete grades will not count against attempted hours until a grade is recorded or the candidate is withdrawn from the class or classes. Satisfactory academic progress will be reviewed at the end of each semester.

Refund Policy

In the event a student drops one or more classes, withdraws, or is administratively dismissed from the University for disciplinary or for financial reasons after registration is completed and prior to the end of a semester of enrollment, the student's eligibility for a refund of appropriate institutional tuition will be prorated as indicated.

A student must complete a Change of Schedule form (obtained from the Office of the Registrar) for dropping one or more classes. Any situation in which all classes are dropped is considered to be a withdrawal from the University. The student initiates this process by completing a withdrawal form (can be found online) and submitting this to the Registrar's Office. Should the student fail to complete this process, all semester charges will become immediately due and payable. The official withdrawal process begins in the Office of the Registrar. A withdrawal form must be completed and all the necessary signatures obtained. *Oral requests do not constitute official notification.*

The University's official date of withdrawal used to compute the refund is based on the date the withdrawal form is recorded by the Registrar. Applicable institutional charges for fall and spring semesters will be refunded according to the following schedule:

Through the first official day of classes 100%

After the first official day of classes and during the first week of the semester 90%

During the second week of the semester 75%

During the third week of the semester 50%

During the fourth week of the semester 25%

After the fourth week of the semester 0%

No refund of institutional charges will be made after the fourth week of the semester. Specific dates affecting the schedule of refunds appear on the Registration Policies page of the electronic class schedule, WebAdvisor, which is available on the LMU web site by selecting the Current Students and Faculty link; and/or the Office of Student Services, the Office of the Registrar and the Office of Finance.
